TITLES

Chronic fatigue syndrome 1: Etiology and pathogenesis. Farrar DJ, Locke SE, Kantrowitz FG. Spring:5–16

Chronic fatigue syndrome 2: Treatment and future research. Kantrowitz FG, Farrar DJ, Locke SE. Spring:17–24.

Effect of chronic aerobic exercise and progressive relaxation on motor performance and affect following acute stress. Anshel MH. Winter:186 –196.

The effects of short-term exercise on the cognitive orientation for health and adjustment in myocardial infarction patients. Greif H, Kreitler S, Kaplinsky E, Behar S, Scheinowitz M. Summer:75–85.

Heart rate response to psychological stressors of individuals possessing resting bradycardia. Boutcher SH, Nugent FW, Weltman AL. Spring:40–46.

How can new behavioral knowledge and proven aids to treatment enter the teaching and practice of obstetrics? Good RS, Jenkins CD. Summer:53–65.

Integrated behavioral care for diabetes: Something new? Something old? Something irrelevant? Something bold? A policy commentary. Bailey S. Cabanas A, Green S, Minello S. Summer:66–68.

An integrated behavioral medicine approach to improving care of patients with diabetes mellitus. Jenkins CD. Fall:123–129.

Life events and symptomatic recovery of army spouses following Operation Desert Storm. Rosen LN. Fall: 131–139.

Managing fatigue in operational settings: An integrated approach. Rosekind MR, Gander PH, Gregory KB, Smith RM, Miller DL, Oyung R, Webbon LL, Johnson JM. Winter:166–170.

Methods of testing for sleeplessness. Mitler MM, Miller JC. Winter: 171–183.

Racial differences in psychosocial variables among adults with non—insulin-dependent diabetes mellitus. Bell RA, Summerson JH, Konen JC. Summer:69–73.

The relation of stress and depression to interdialytic weight gain in hemodialysis patients. Everett KD, Brantley PJ, Sletten C, Jones GN, McKnight GT. Spring:25–30.

Relationship of anxiety, stress, and psychosocial development to reproductive health. Lederman RP. Fall:101–112.

The reliability and validity of a sexual and physical abuse history questionnaire in female patients with gastrointestinal disorders. Leserman J, Drossman DA, Li Z. Fall:141–150

The role of exercise in weight loss. Blix GG, Blix AG. Spring:31–39

Sex differences in cardiovascular reactivity as a function of the appraised gender relevance of the stressor. Lash SJ, Eisler RM, Southard D. Summer:86–94.

Some practical considerations and policy implications of studies of sleep patterns. Mitler MM, Miller JC. Winter: 184–185.

Treatment strategies for anxiety, stress, and developmental conflict during reproduction. Lederman RP. Fall:113–122.

SUBJECTS

Aerobic Exercise

Effect of chronic aerobic exercise and progressive relaxation on motor performance and affect following acute stress. Anshel MH. Winter:186–196.

Anxiety

Treatment strategies for anxiety, stress, and developmental conflict during reproduction. Lederman RP. Fall:113–122.

Army

Life events and symptomatic recovery of army spouses following operation desert storm. Rosen LN. Fall:131–139.

Bradycardia

Heart rate response to psychological stressors of individuals possessing resting bradycardia. Boutcher SH, Nugent FW, Weltman AL. Spring:40–46.

Cardiovascular Reactivity

Sex differences in cardiovascular reactivity as a function of the appraised gender relevance of the stressor. Lash SJ, Eisler RM, Southard D. Summer:86–94.

Chronic Fatigue Syndrome

Chronic fatigue syndrome 1: Etiology and pathogenesis.

Farrar DJ, Locke SE, Kantrowitz FG. Spring:5–16

Chronic fatigue syndrome 2: Treatment and future research. Kantrowitz FG, Farrar DJ, Locke SE. Spring:17–24.

Desert Storm

Life events and symptomatic recovery of army spouses following operation desert storm. Rosen LN. Fall:131–139.

Diabetes Mellitus

Integrated behavioral care for diabetes: Something new? Something old? Something irrelevant? Something bold? A policy commentary. Bailey S. Cabanas A, Green S, Minello S. Summer:66–68.

An integrated behavioral medicine approach to improving care of patients with diabetes mellitus. Jenkins CD. Summer:53–65.

Racial differences in psychosocial variables among adults with non—insulin-dependent diabetes mellitus. Bell RA, Summerson JH, Konen JC. Summer:69–73.

Depression

The relation of stress and depression to interdialytic weight gain in hemodialysis patients.Everett KD, Brantley PJ, Sletten C, Jones GN, McKnight GT. Spring:25–30.

Exercise

Effect of chronic aerobic exercise and progressive relaxation on motor performance and affect following acute stress. Anshel MH. Winter:186–196.

The effects of short-term exercise on the cognitive orientation for health and adjustment in myocardial infarction patients. Greif H, Kreitler S, Kaplinsky E, Behar S, Scheinowitz M. Summer:75–85.

The role of exercise in weight loss. Blix GG, Blix AG. Spring:31–39.

Fatigue

Managing fatigue in operational settings 1: Physiological considerations and countermeasures Rosekind MR, Gander PH, Gregory KB, Smith RM, Miller DL, Oyung R, Webbon LL, Johnson JM. Winter:166–170.

Managing fatigue in operational settings 2: An integrated approach. Rosekind MR, Gander PH, Gregory KB, Smith RM, Miller DL, Oyung R, Webbon LL, Johnson JM. Winter:166–170.

See also Chronic Fatigue Syndrome

Gastrointestinal Disorders

The reliability and validity of a sexual and physical abuse history questionnaire in female patients with gastrointestinal disorders. Leserman J, Drossman DA, Li Z. Fall:141–149.

Heart Rate Response

The effects of short-term exercise on the cognitive orientation for health and adjustment in myocardial infarction patients. Greif H, Kreitler S, Kaplinsky E, Behar S, Scheinowitz M. Summer:75–85.

Heart rate response to psychological stressors of individuals possessing resting bradycardia. Boutcher SH, Nugent FW, Weltman AL. Spring:40–46.

Hemodialysis

The relation of stress and depression to interdialytic weight gain in hemodialysis patients. Everett KD, Brantley PJ, Sletten C, Jones GN, McKnight GT. Spring:25–30.

Life Events

Life events and symptomatic recovery of army spouses following operation desert storm. Rosen LN. Fall:131–139.

Motor Performance

Effect of chronic aerobic exercise and progressive relaxation on motor performance and affect following acute stress.

Anshel MH. Winter:186–196.

Myocardial Infarction

The effects of short-term exercise on the cognitive orientation for health and adjustment in myocardial infarction patients. Greif H, Kreitler S, Kaplinsky E, Behar S, Scheinowitz M. Summer: 75–85.

Obstetrics/Gynecology

How can new behavioral knowledge and proven aids to treatment enter the teaching and practice of obstetrics? Good RS, Jenkins CD. Fall:123–129.

Relationship of anxiety, stress, and psychosocial development to reproductive health. Lederman RP. Fall:101–112.

Treatment strategies for anxiety, stress, and developmental conflict during reproduction. Lederman RP. Fall:113–122.

Patient Care

An integrated behavioral medicine approach to improving care of patients with diabetes mellitus. Jenkins CD. Summer: 53–665.

Policy

Integrated behavioral care for diabetes: Something new? Something old? Something irrelevant? Something bold? A policy commentary. Bailey S. Cabanas A, Green S, Minello S. Summer:66–68.

Some practical considerations and policy implications of studies of sleep patterns. Mitler MM, Miller JC. Winter:184–185.

Public Safety

Managing fatigue in operational settings: An integrated approach. Rosekind MR, Gander PH, Gregory KB, Smith RM, Miller DL, Oyung R, Webbon LL, Johnson JM. Winter:166–170.

Some practical considerations and policy implications of studies of sleep patterns. Mitler MM, Miller JC. Winter:185–185.

Pregnancy and Childbirth.

See Obstetrics/Gynecology

Psychological Stressors

Heart rate response to psychological stressors of individuals possessing resting bradycardia. Boutcher SH, Nugent FW, Weltman AL. Spring:40–46.

Psychosocial Variables

Racial differences in psychosocial variables among adults with non—insulin-dependent diabetes mellitus. Bell RA, Summerson JH, Konen JC. Summer: 69–73.

Questionnaires

The reliability and validity of a sexual and physical abuse history questionnaire in female patients with gastrointestinal disorders. Leserman J, Drossman DA, Li Z. Fall:141–149.

Racial Differences

Racial differences in psychosocial variables among adults with non—insulin-dependent diabetes mellitus. Bell RA, Summerson JH, Konen JC. Summer: 69–73.

Relaxation

Effect of chronic aerobic exercise and progressive relaxation on motor performance and affect following acute stress. Anshel MH. Winter:186–196.

Reliability/Validity

The reliability and validity of a sexual and physical abuse history questionnaire in female patients with gastrointestinal disorders. Leserman J, Drossman DA, Li Z. Fall:141–149.

Reproductive Health

See Obstetrics/Gynecology.

Sexual Abuse

The reliability and validity of a sexual and physical abuse history questionnaire in female patients with gastrointestinal disorders. Leserman J, Drossman DA, Li Z. Fall:141–149.

Sexual Differences

Sex differences in cardiovascular reactivity as a function of the appraised gender relevance of the stressor. Lash SJ, Eisler RM, Southard D. Summer:86–94.

Sleep

Managing fatigue in operational settings 1: Physiological considerations and countermeasures Rosekind MR, Gander PH, Gregory KB, Smith RM, Miller DL, Oyung R, Webbon LL, Johnson JM. Winter:166–170.

Managing fatigue in operational settings 2: An integrated approach. Rosekind MR, Gander PH, Gregory KB, Smith RM, Miller DL, Oyung R, Webbon LL, Johnson JM. Winter:166–170.

Methods of testing for sleeplessness. Mitler MM, Miller JC. Winter:171–183.

Some practical considerations and policy implications of studies of sleep patterns. Mitler MM, Miller JC. Winter:185–185.

Stress

Heart rate response to psychological stressors of individuals possessing resting bradycardia. Boutcher SH, Nugent FW, Weltman AL. Spring:40–46.

The relation of stress and depression to interdialytic weight gain in hemodialysis patients. Everett KD, Brantley PJ, Sletten C, Jones GN, McKnight GT. Spring:25–30.

Treatment strategies for anxiety, stress, and developmental conflict during reproduction. Lederman RP. Fall:113–122.

Weight

The relation of stress and depression to interdialytic weight gain in hemodialysis patients. Everett KD, Brantley PJ, Sletten C, Jones GN, McKnight GT. Spring:25–30.

The role of exercise in weight loss. Blix GG, Blix AG. Spring:31–39.
